340606	14" Classic Finishing Knife Stainless Steel

SHEETROCK Tools Stainless Steel Professional Finishing Knives have stainless steel blades for those who prefer its rust resistant properties. The tapered neck and soft grip provide comfort, while the enlarged hammer for striking and writing reduces the need to carry additional tools on the job.

Las Espátulas de Acabado de Acero Inoxidable SHEETROCK Tools tienen hojas de acero inoxidable para los que prefieren su resistencia a la corrosión. El cuello delgado y material antideslizante ofrecen más comodidad, y el martillo más grande para clavar y escribir disminuye la necesidad de cargar más herramientas.
